

YOU HAVE UNTIL MID-MARCH TO HAVE A SAY!

MASSIVE PIPELINE EXPANSION INCOMING!

RIGHT THROUGH OUR NEIGHBORHOODS

Do this!

Voice your concerns about:

- Increasing risk of disaster and health issues
- No substantial benefit for locals
- Health and environment damage from construction
- Natural Gas is expensive and short-sighted investment
- We don't need more dirty power!

Not this!

Comment about data centers:

- It IS being built to power data centers
- And that SHOULD outrage you
- BUT it isn't helpful in THIS public commentary

Here's how!

- go to this public comment instructions link
----->
- times to show up in person & be heard
- data, maps and context
- list of pipeline disasters since 2021

• **Important Deadlines**

- **public comment by March 23rd**
- sign onto letters by March 18th
